Hi All – I spoke with the submitter and provided status update. They are good for now but will follow up with me in [redacted]'s absence. Thanks

It's not on the list. I will add it.

I added this case to the Hair on Fire list. I don't know if this is one of the lung overload cases that [redacted] is reviewing. If not, could it be added to that list?

In my mind, if it's not on the list with **Ex. 5 Deliberative Process (DP)**, it should be.

Thanks, [REDACTED] It sounded like the technical contact is getting pressure from her company to provide a status update. [REDACTED] it might be time to add this to a list if it's not on one already (hair on fire?) so that we can get RAD to prepare a human health report.

The information that [REDACTED] gave to [REDACTED] and me on P16-451 is that it is in need of updated RAD reports at least a human health report. According to NCR, it is suspended until 7/12/19 but will probably need additional suspension time. My name and phone number is on [REDACTED] email but [REDACTED] has also been in contact with the company contact on [REDACTED]'s list for this PMN. [REDACTED]

[REDACTED] and [REDACTED] this is one of [REDACTED] Ex. 6 Personal Privacy (PP)'s cases. The submitter called me asking about the status. Do you know anything about this case? It looks like [REDACTED] requested a health report, but there isn't one in NCR.
